

The EU Framework Programme for Research and Innovation

HORIZON 2020

**Smart, green and integrated Transport
Work Programme 2018-2020**

**Robert Missen
European Commission
DG MOVE**

THE POLICY CONTEXT

COP 21

SDG

**Energy Union
and Climate**

**Digital
Single Market**

**Jobs, Growth
& Investments**

**Stronger
Global Actor**

2011 White Paper
on transport

European Strategy for
Low-Emission Mobility

Accelerating Clean
Energy Innovation

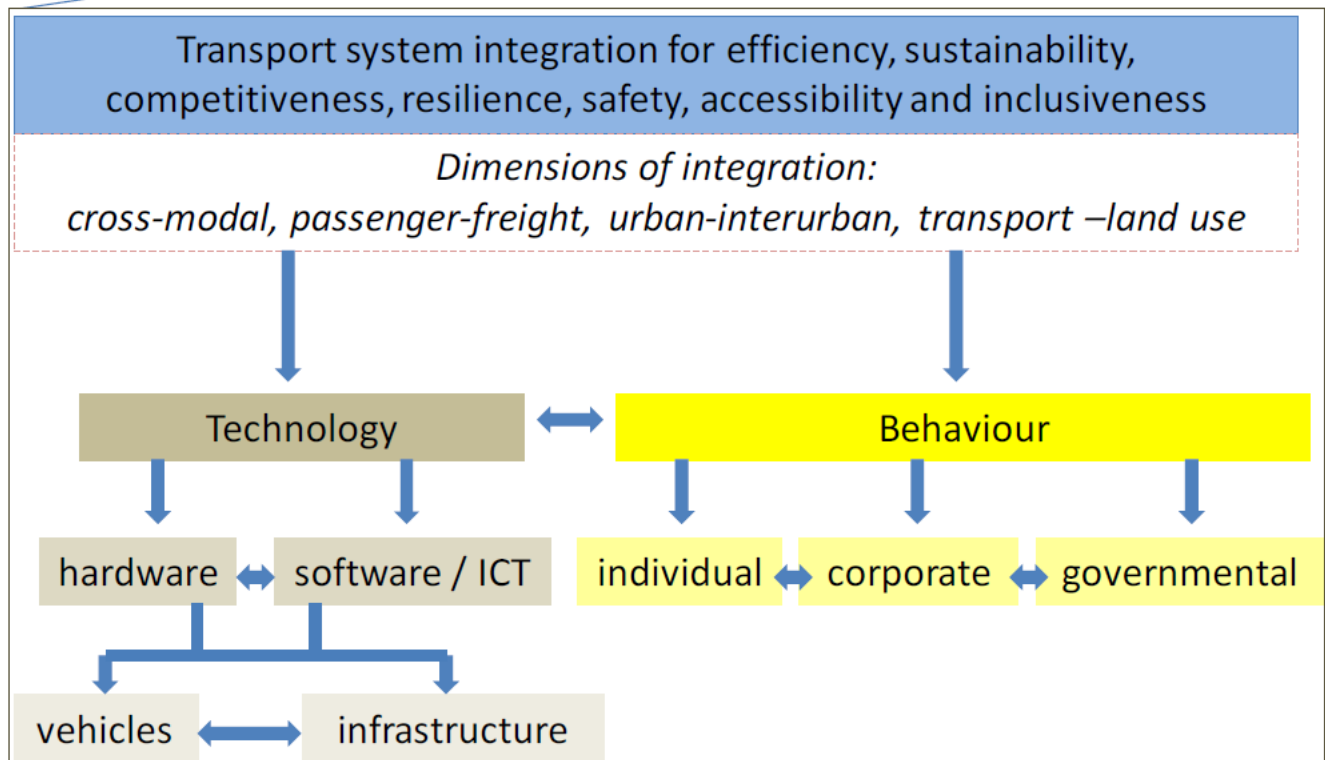

**Smart, green and integrated
transport system**

Objective

*a European transport system beneficial for
all citizens, the economy and the society*

Recommendations of the Transport Advisory Group to the Commission on Horizon 2020

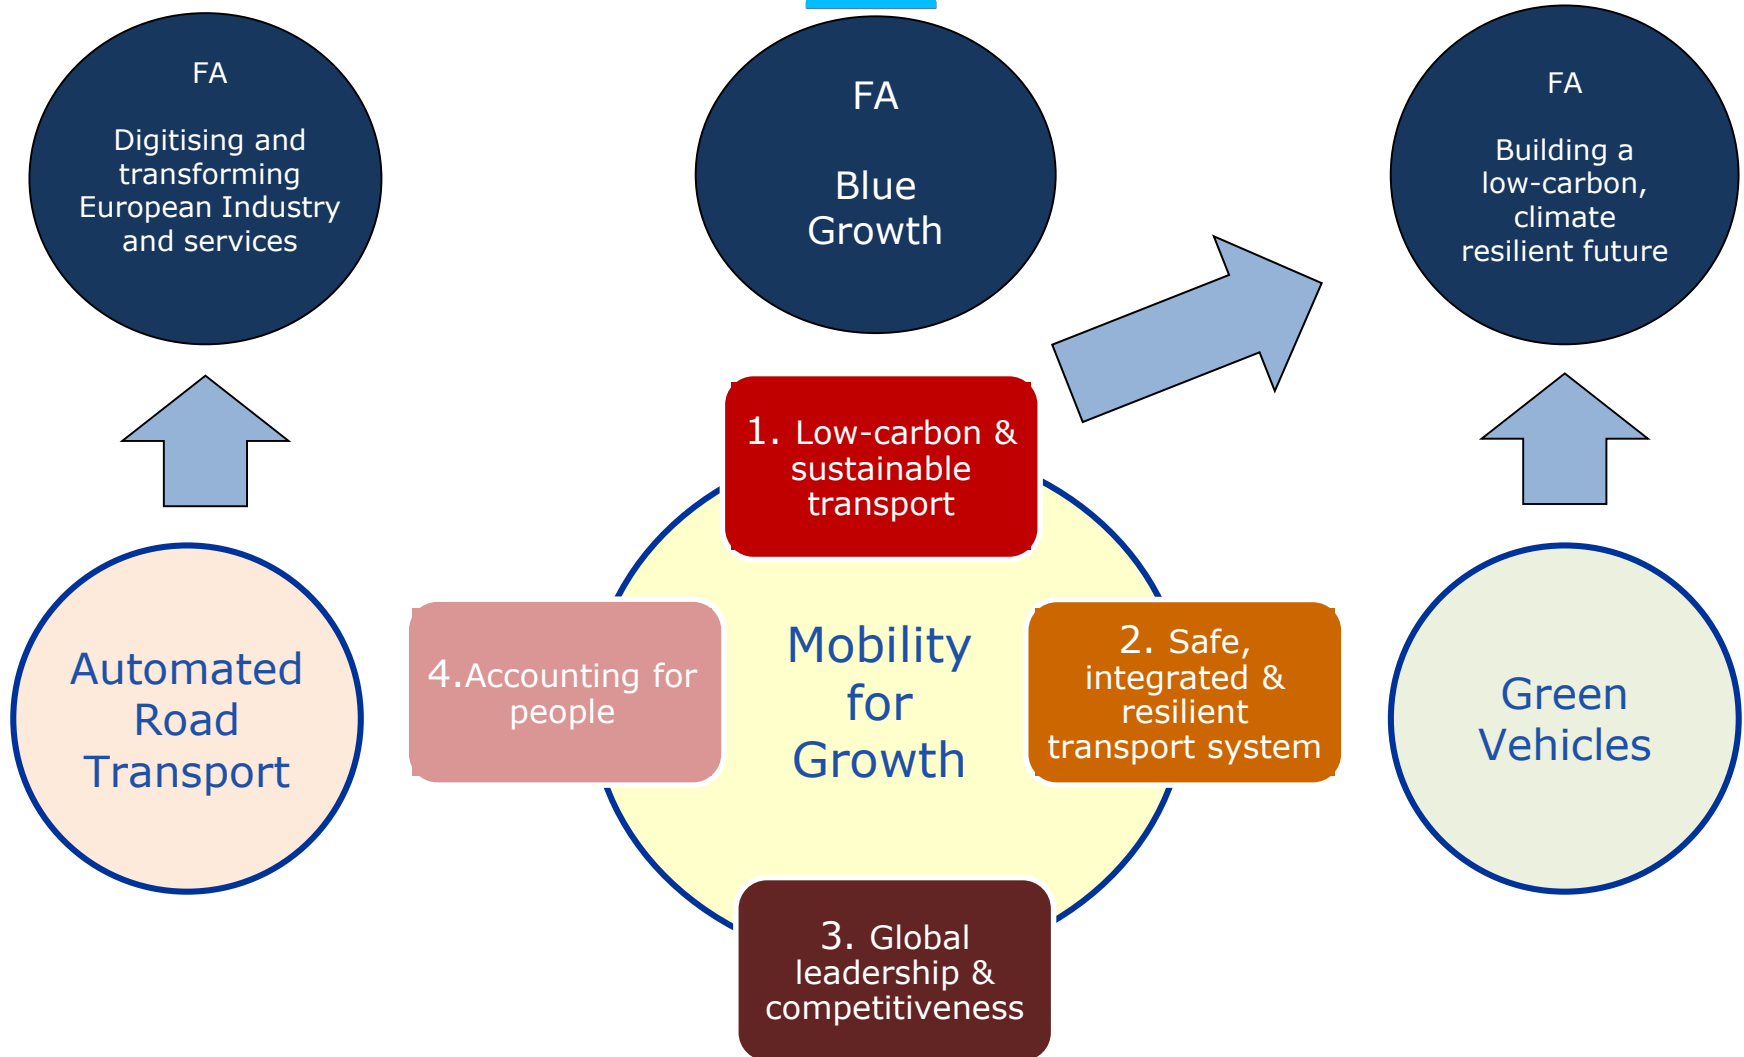

June 2014

....integration of Programmes

ACHIEVING INTEGRATION

- **Focus Areas (FA)** addressing global challenges and **cutting across sectors and programmes**
- **Reinforced International Cooperation**
- **Reduced number of topics and broader scope (encouraging multidisciplinary consortia)**
- **New structure highlighting integration**

Overall objectives

- ❖ Targeted efforts to develop and validate solutions that can be rapidly deployed
- ❖ Address in a systemic way transport means, infrastructure and operation models
- ❖ Integrate them in a user-friendly system of smart and connected mobility
- ❖ Reduce impact on climate and environment
- ❖ Strong user-centred approach

Guidelines for proposers

- Exploit the topics broad descriptions to propose innovative solutions and aim at **multidisciplinary, cross-sectorial partnership**;
- To properly describe project's IMPACT, respond to the specific topic's expected impact statements, but also to the **higher level challenges** indicated both in the relevant area and in the general introduction to the call;
- **Social innovation** has to be considered when and where suitable;
- Give as clear as possible indication of how you plan to **exploit your research results**.

Thank you
