# Oxygen, Our Four-Fold Action Plan to reduce GHG emissions

- **The continuous improvement of the measurement**
- **The reduction actions** in order to improve our carbon efficiency (scopes 1 & 2)
- **The development of partnerships** with GEODIS' main subcontractors (scope 3)
- **The support to our customers** in implementing low carbon solutions

*Scope 1: direct emissions caused by fixed or mobile sources*

*Scope 2: indirect emissions from electricity consumption*

*Scope 3: other indirect emissions*

# Thank you!
