

Freight Transport and Logistics Highlights

(Version: 5th April 2018)

The overall program can be consulted in: <https://www.conftool.pro/traconference2018/sessions.php> and all information on the conference in the following link: <http://www.traconference.eu>. You may download TRA Mobile App: <https://www.traconference.eu/organise-tra-participation-tra-2018-mobile-app/>.

The program is divided in:

Plenary sessions dedicated to important policy challenges addressed by invited keynote speakers
Strategic sessions fostering exchange between industry and policy makers and addressing major innovation fields
A large number of scientific and technical & Invited sessions in which reviewed papers will be presented either orally or as posters to the audience
Poster presentations for Outreach Marketplace
Projects presentations in ALICE Booth

The table below includes the Plenary Sessions and a selection of the Freight Transport and Logistics highlighted sessions by ALICE due to their relevance for Freight Transport and Logistics.
