

KNOWLEDGE THAT INNOVATES

## ***Connecting Europe Facility***

**Case studies from the programming period 2014-2020**

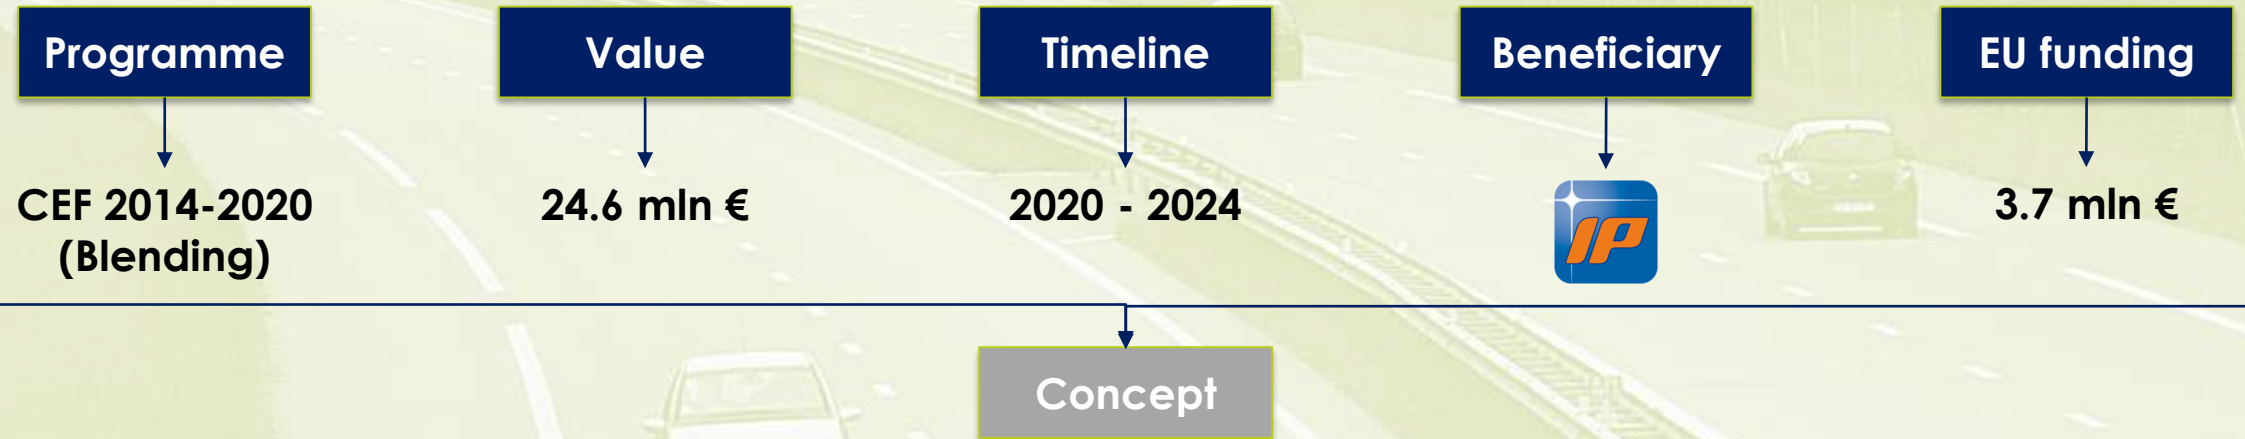

**Giuseppe Siciliano, Francesco Barontini**

*Advisory - EU Funds & Transport Economics*

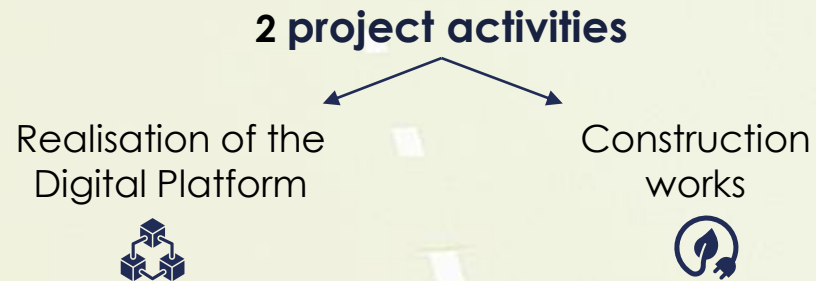

October 2021

# Project EV STATIONS 2.0

Action n. 2019-IT-TM-0345-W

**Building up the next generation infrastructures for Electric Vehicles** in 45 service stations along TEN-T Corridors in Italy. We assisted the customer in the project's conception, in the due diligence with EIB (incl. a Cost-Benefit Analysis), and in the project management of the awarded grant.

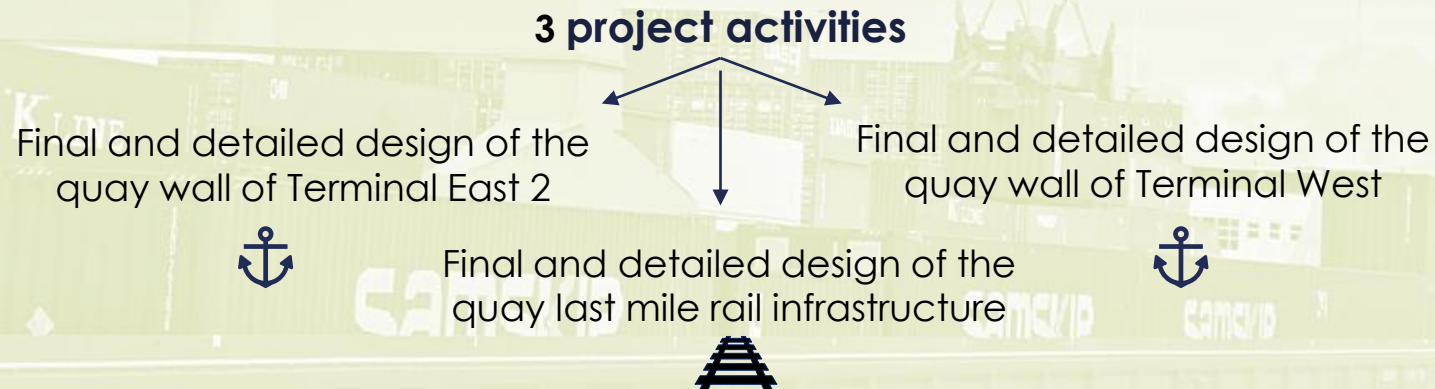

# Project From East 2 West

Action n. 2016-BG-TMC-083-S

Final design of **the quays of Terminal East 2 and of Terminal West and of the last-mile connections** of Burgas Port on the Black Sea. We assisted the customer in the project's conception, in the proposal application and in the realisation of the market analysis aimed at the application.
