Rules for the webinar

The session will be recorded

This is in case you or other ALICE members wish to have a look afterwards*

Add your name and company

to identify yourself

Keep your microphone muted when the meeting starts.

You can introduce yourself when entering the meeting so you do a test (i.e. everybody can hear you)

Share your questions to the speakers in the GoTo chat

You are also welcome to share thoughts, suggestions or relevant information on the subject

Keep your cameras off if you are not speaking

The use of AI-based tools is strictly prohibited during the webinar

To protect the privacy and rights of all participants

You may ask any question on these rules before the start!

**A link to the video recording and pdf presentations will be shared with participants through e-mail*

**Waiting for other
participants to
join... 😊**

Funded by the
European Union

ZEFES is funded by the European Union under grant agreement number 101095856. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Climate, Infrastructure and Environment Executive Agency (CINEA). Neither the European Union nor the granting authority can be held responsible for them.

Who is **ALICE** ?

ALICE, Alliance for Logistics Innovation through
Collaboration in Europe

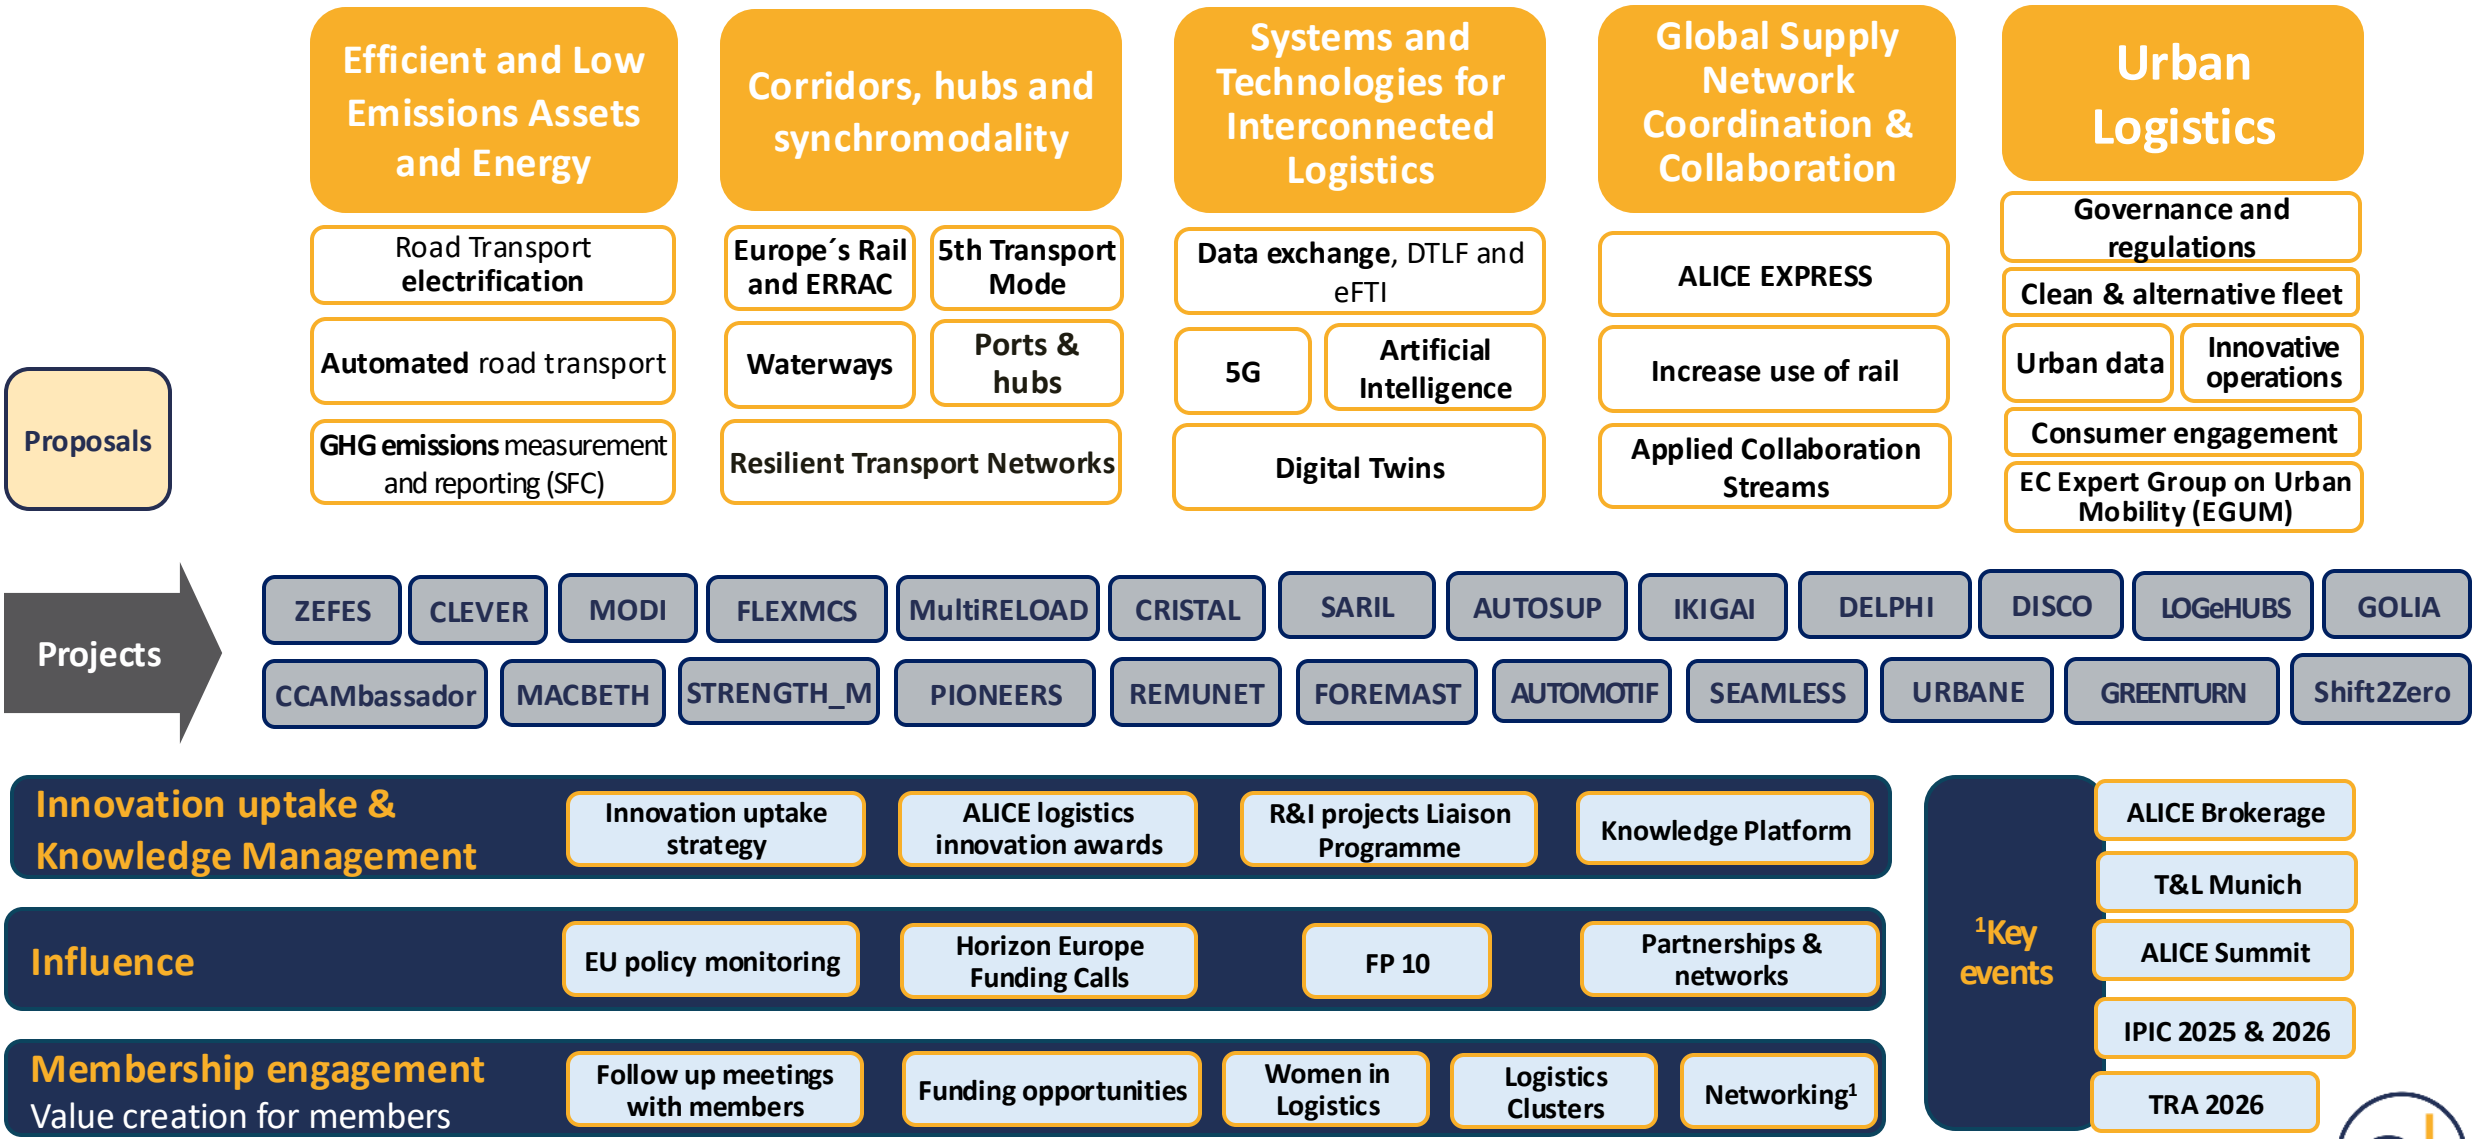

not-for-profit association, registered in Brussels, since 2014

Recognized by the European Commission
as a European Technology Platform¹

1) European Technology Platforms, ETPs are industry-led stakeholder fora that develop short to long-term research and innovation agendas and roadmaps for action at EU and national level to be supported by both private and public funding. More Info on ETPs http://www.etp-logistics.eu/wp-content/uploads/2021/03/Logistic-TP-recognition-SWD_2013_272_F1_STAFF_WORKING_PAPER_EN_V2_P1_735480.pdf

Programmes, activity fields and projects

AGENDA

- **Welcome and Introduction.** Stefanie Van Damme (ALICE)
- **Presentation of H.Essers on their electrified, temperature-controlled, intermodal logistic deployment between Genk (B) and Oradea (RO).**
Piotr Wilczkowiak
- **Presentation of ZEFES on their electrified, temperature-controlled, intermodal logistic Use Case between Murcia (S) and Bettembourg (LU).**
Ben Kraaijenhagen
- **Q&A and wrap up.** Stefanie Van Damme (ALICE)

CELEBRATING LOGISTICS INNOVATION WITH REAL-WORLD IMPACT

The ALICE Logistics Innovation Award recognises organisations that have successfully transformed results from publicly funded R&I projects into solutions with measurable impact.

The 2026 Awards will be presented during the ALICE Logistics Innovation Summit in November in Brussels.

Autonomous Summit

[More information](#)

**15–16 September 2026 |
Antwerp, Belgium**

Why attend?

- See how autonomous technology works in practice, from water to road and air
- Connect with leading players from the European port and technology sector
- Learn from real interoperability cases and implementation experiences
- Expand your network with innovators, policymakers, and researchers

Three days of autonomous and sustainable technology in practice – from testing and collaboration to scaling up.

Port of the Future Week
ANTWERP & ROTTERDAM

15/09/2026 - 17/09/2026

Three days of groundbreaking innovations in autonomous and sustainable technology in port environments.

LIVE DEMOS & SHOWCASES **EXPERT INSIGHTS** **SUSTAINABLE SOLUTIONS** **INTERNATIONAL COLLABORATION**

15 SEPTEMBER	15 SEPTEMBER	16 SEPTEMBER	17 SEPTEMBER
DroneHorizon Antwerp	MODi Final Event Antwerp	Autonomous Summit Antwerp	Ports in Transition: Building Resilient Ecosystems Rotterdam

28 September–1 October 2026
| Brussels, Belgium

Connecting Europe Days brings together policymakers, industry, the European Commission and stakeholders to discuss the future of European transport and mobility.

ALICE will contribute to the programme on 29–30 September, bringing the logistics perspective to discussions on innovation, multimodality, digitalisation and the transition towards a more sustainable and resilient European freight transport system.

**"THE GREATEST
DANGER FOR MOST
OF US IS NOT THAT
OUR AIM IS TOO HIGH
AND WE MISS IT,
BUT THAT IT IS TOO
LOW AND WE
REACH IT."**
